

**BRITISH ASSOCIATION
OF DERMATOLOGISTS**
HEALTHY SKIN FOR ALL

The BAD Patient Information Leaflet QR codes

Scan the QR codes below to be directed to the relevant patient information leaflet (PIL) from the British Association of Dermatologists (BAD). These PILs are specially written by the BAD to help you understand more about your skin condition. They inform you what the condition is, what causes it, what can be done about it and where you can find out more information about it. Where possible, they advise you on what you can do yourself on a day-to-day basis to help with your skin condition.

A

Abrocitinib.png

Acitretin

Acne

Actinic keratoses

Actinic prurigo

Adalimumab

Alitretinoin

Alopecia areata

Anogenital granulomatosis

Apremilast

Atopic eczema

Atypical fibroxanthoma

Atypical mole syndrome

Azathioprine

B

Baricitinib

Basal cell carcinoma

Beckers naevus

Bedbugs managing bedbug infestation

Bimekizumab

Birt-Hogg-Dubé syndrome

Blue rubber bleb naevus syndrome

Boils

Bowen disease squamous cell carcinoma in situ

Brodalumab

C

Capillaritis

Caring for Afro-textured hair

Cellulitis and erysipelas

Central centrifugal cicatricial alopecia

Certolizumab pegol

Chondrodermatitis nodularis

Chronic actinic dermatitis

Chronic paronychia

Ciclosporin

Colchicine

Concerns about infestation

Congenital dermal

Congenital erythropoietic porphyria

Contact dermatitis

Cryotherapy

Cutaneous vasculitis

CYLD cutaneous syndrome

Cysts epidermoid and pilar

D

Dapsone

Darier disease

Dermatitis herpetiformis
gluten sensitivity

Dermatofibroma also
known as histiocytoma

Dermatofibrosarcoma
protuberans DFSP

Dermatomyositis

Deucravacitinib

Digital myxoid cyst

Dimethyl fumarate fumaric
acid esters

Discoid eczema

Discoid lupus
erythematosus DLE

Dissecting cellulitis of the
scalp

Disseminated superficial
actinic porokeratosis DSAP

Dupilumab

Dysplastic atypical naevus

Dystrophic epidermolysis
bullosa

E

Eccrine porocarcinoma

Eczema herpeticum

Emollient use in skin
conditions

Epidermolysis bullosa
simplex

Erosive pustular dermatosis
EPD

Erythema multiforme

Erythema nodosum

Erythromelalgia

Erythropoietic
protoporphyria and Xlinked
dominant protoporphyria

Etanercept

Extra mammary Paget
disease

F

Folliculitis barbae

Folliculitis decalvans

Food allergy and eczema
in children and young people

Foxfordyce disease

Frontal fibrosing alopecia

Fungal infections of the
nails

G

Granuloma annulare

Grover disease

Guselkumab

H

Haemangioma of infancy

Hailey Hailey disease

Hair loss female pattern
androgenetic alopecia

Hair loss male pattern
androgenetic alopecia

Hand dermatitis
(hand eczema)

Head lice

Hereditary leiomyomatosis
and renal cell cancer

Herpes simplex

Hidradenitis suppurativa

Hirsutism

How to care for your hands

How to check your lymph
nodes

Hydroa vacciniforme

Hydroxychloroquine

Hyperhidrosis

Ichthyosis

Imiquimod cream

Impetigo

Infliximab

Intralesional steroid therapy

Iontophoresis for
hyperhidrosis

Isotretinoin and mental
health

Isotretinoin and soya
allergy

Isotretinoin

Ixekizumab

J

Junctional epidermolysis
bullosa

Juvenile xanthogranuloma

K

Kaposi sarcoma

Keloids

Keratoacanthoma

Keratosis pilaris

L

Latex allergy

Lebrikizumab

Lentigo maligna

Lichen planopilaris

Lichen planus

Lichen sclerosus in female children

Lichen sclerosus in females

Lichen sclerosus in male children

Lichen sclerosus in males

Lichen simplex

Linear IgA disease

Lipoma

Lymphoedema

Lymphoproliferative t-cell skin conditions in children and young people

M

Melanocytic naevi
pigmented moles

Melanoma in situ

Melanoma stage 1A

Melanoma stage 1B

Melanoma stage 2

Melanoma stage 3

Melanoma stage 4

Melasma

Mepacrine

Methotrexate

Mohs micrographic surgery

Molluscum contagiosum

Morphea

Mucous membrane
pemphigoid

Mycophenolate mofetil

Mycosis fungoides

N

Necrobiosis lipoidica

Nicotinamide for
non-melanoma skin cancer

Nodular prurigo

O

Omalizumab

Oral lichen planus

Oral treatment with
corticosteroids

P

Palmoplantar pustulosis

Patch testing

Pemphigoid (herpes)
gestationis

Pemphigoid

Pemphigus foliaceus

Pemphigus vulgaris

Penile skincare

Peri-oral dermatitis

Photodynamic therapy

Phototherapy NB UVB

Phototherapy oral PUVA

Phototherapy topical PUVA

Phototherapy UVA1

Pilomatricoma for parents
and young people

Pilomatricoma

Pityriasis alba

Pityriasis lichenoides

Pityriasis rosea

Pityriasis rubra pilaris

Pityriasis versicolor

Plantar warts

Polymorphic eruption of
pregnancy

Polymorphic light eruption

Porphyria cutanea tarda

Port wine stain

Potassium permanganate
solution soaks

Primary localised cutaneous
amyloidosis
